Syma32 + Syma14

The combination of **Syma32** profile handle with its complementary **Syma14** simulates a gola style allowing an independent opening between the upper and lower front.

La combinación del tirador de perfil Rincomatic **Syma32** con su complementario Rincomatic **Syma14** simula un estilo gola, permitiendo una apertura independiente entre el frente superior e inferior.

Syma32 Integrated Partial

Syma32 Integrated Partial Profile handle breaks with the Gola aesthetic not depending on a complete continuous line anymore. It allows to achieve a greater variety of projects by combining left and right hand partially integrated handles.

El **tirador de perfil Syma32 Integrado Parcial** consigue romper con la estética de los golas no dependiendo de una línea continua o listelo. Esto permite conseguir proyectos variados mediante la combinación de tiradores integrados parcialmente de mano izquierda y derecha.

Syma32 Inglete + Syma2 Inglete

Syma32 Inglete integrated profile handle and its counterpart **Syma2 Inglete** is an elegant couple of angled aluminum finger pulls that can be used in conjunction with each other to create a Gola C-channel look.

El tirador integrado de perfil **Syma32 Inglete** y su complementario **Syma2 Inglete** son una elegante pareja de tiradores de perfil que se pueden combinar para simular un diseño gola.

Syma50 Customizable + Syma16

Syma50 Profile Handle can be customized by inserting a decorative laminate with the purpose of matching the color of the handle with the door or on the contrary, to create a contrast.

El tirador de perfil **Syma50** ofrece la opción de personalización insertando una lámina decorativa para conseguir tanto un acabado homogéneo entre tirador y frente como un contraste entre ambos.
